# Fresh Seasonal & Local

**Hampshire Farmers' Markets Limited** is a not for profit organisation that brings fabulous produce to towns and cities across the county each and every month. Showcasing the best of what Hampshire has to offer, all of our stallholders are the producers; small businesses many based in rural areas growing and rearing their own to bring to customers.

From bread to beer, fruit to fishcakes, gin to game, shopping at your local **Hampshire Farmers' Market** offers an abundance of choice. Farmers and producers from across the county have a passion for their produce and work hard to bring the best quality, affordable, delicious food and drink to market. Wherever you live in Hampshire, there is a farmers' market you can visit to help show support for the local and rural economy while buying the best ingredients to use at home.

# Traceability and Provenance

For many shoppers, knowing the traceability and provenance of the produce they're buying is an important part of their purchase. All of **Hampshire Farmers' Markets** producers must source at least 20 per cent of their ingredients from Hampshire or within a 20-mile radius. Not only that, any produce grown, reared or raised must spend at least 50 per cent of its time with the producer. All this means that when you visit any of our markets, you can rest assured everything sold is fully traceable and local.

No matter where you live in Hampshire, there is a farmers' market you can visit to show your support to the local and rural economy while buying the best ingredients to use at home.
